About the PHRi™ Certification

Being an PHRi™ Credential holder establishes your authority in the field of HR. HR is wide and vast, commands multi-functional areas in an organization and serves as its engine of growth. The Professional in Human Resources (PHRi™) designation is for professionals who have experience in HR Operational Functions. This Global credential is awarded by the HR Certification Institute (HRCI®) – USA upon successful completion of the course and the exam.

Benefits and Objectives

The PHRi™ is the strongest credential for operational level HR practitioners who make HR policies on organizational growth that affect other business components beyond the field of HR. The course builds competencies in individuals who lead multi- disciplinary efforts in Organizational human resource development to advance business goals.

Our objective as an institution is to build your capacity towards this end, and to write and pass the Exam.

Entry Requirements

The PHRi™ Course is a post-graduate study
and

It is typically taken by
HND and First-Degree holders.

But a minimum of a
Diploma/HND in any field is acceptable.

Course Content

The PHRi™ Course covers all the specialized areas of HR. Students of this course will have a wide and extensive coverage of the expertise required for any individual to function in any of those fields. The

Course includes;

- *Business Management.*
- *Workforce Planning & Talent Acquisition.*
 - *Learning And Development.*
 - *Total Rewards.*
 - *Employee Engagement.*
- *Employee And Labor Relations.*
 - *HR Information Management*

The PHRi™ Exam

The PHRi™ Exam is a one-time multiple-choice question.

The Exam will require candidates to remember, understand, apply, analyze, evaluate and solve operational level HR problems.
