About the PMP® Certification

Being a PMP® Credential holder establishes your authority as a Project Manager. It demonstrates your mastery of the requisite knowledge, skills and techniques required to manage projects successfully regardless of size and complexity. The PMP® is a Global credential awarded by the Project Management Institute (PMI), Pennsylvania – USA upon a successful completion of the PMP® Course and the PMP® Exam.

Benefits and Objectives

Mastery of PMP® concepts, models and best practices enables organizations to harvest the next big opportunity through the implementation of tested standards and frameworks. The course builds capacities in individuals and teams who lead multi-disciplinary efforts and direct various project-related tasks to advance business goals.

Our objective as an institution is to build your capacity towards this end, and to enable you write and pass the PMP® Exam.

Entry Requirements

The PMP® Course is a post-graduate study and the professional equivalence to the MSc. in Project Management.

It is typically taken by
First Degree and Master's Degree holders.

But a minimum of
a Diploma/HND in any field is acceptable.

Course Content

The PMP® Course has a wide and extensive coverage of the expertise required for any individual to function as a Project Manager. It covers critical issues of Requirements Analysis and Scope development and Prototyping; Project Scheduling, Cost and Budgeting; Project Quality Assurance and Quality Control; Project Resources, Machinery & Equipment, Raw Materials & Supplies, Project Team Development; Project Communications and Stakeholder Management; Project Risk Management, Risk Identification, Risk Analysis and Mitigation Strategies; Project Procurements, Contracts and Contract Performance. Agile and Hybrid Methodology.

The PMP® Exam

The PMP® Exam is a one-time exam made up of 180 multiple choice questions to be answered in 4 hours. It is web-based and your results will be released 5 minutes upon completion.

There is currently only one Exam Center in Ghana at the Total House, Accra.

The PMP® Exam will require candidates to remember, understand, apply, analyze, evaluate and solve complex project problems. Our Training and Exam Prep has been empowered to give you the necessary preparation to write and pass the PMP® Exam.
